## MUST CHANGE DIPLOMACY

One Result of World War Will Be New Policy Toward Smaller Nations Says Mr. Miller.

That the powers of the world break from the diplomacy of the past after the war and adopt a new policy toward the smaller nations is one of the most necessary results of the war, according to the Rev. C. Emerson Miller, pastor of the First Christian church, who gave his second sermon on "The World War," last night.

"Germany and England have both been to blame for their methods of getting colonies," said Mr. Miller. England's methods were those of a confidence man and a foot-pad; Germany used a bludgeon to beat its enemies into submission. So far as moral issues were concerned England was as deep in the ditch as Germany was in the mire."

"Germany now virtually holds 89 per cent of all of the territory that she set out to conquer in 1911 in accordance with her Pan-German plan," said Mr. Miller in discussing the Kaiser's plans for the expansion of territory.

All a Diamond  
Has to do is to  
Look Pretty

That's its whole function in life men dig with infinite patience to find these gems. Other men cut and polish with even greater patience to give a diamond the ability to reflect light in myriad-hued rays.

All of this is done for the gratification of a love of beauty that is inherent in most people.

The desire to own a DIAMOND is a natural and commendable one. They never become "Second-handed" and may be worn forever without losing their brilliancy.

With the entry of Conception Junction, Old Conception, Clyde and Arkoe, into the Red Cross campaign, nearly all of the towns of the county are now at work, and the "drive" for the \$30,000 is nearer realization.

Sermons were preached in the immaculate Conception church at Conception and at St. Benedict's church at Clyde for the Red Cross and the collections were taken up for that purpose. The Rev. Father Placid this morning sent in \$50 which was taken up in the Conception church and arrangements were made at Clyde for a canvass of northeast Jefferson township. A number of pledges were made and the work will begin at once under the direction of Will Enis, who is temporary chairman.

At Guilford a "drive" has been planned for next Saturday afternoon. The women of the soliciting committee Miss Luna Wells, Mrs. Eunice M. Parr and Miss Ruby Davis, and those on the advisory board, W. B. Torrance, Dr. J. H. Wells and James H. Carver, will conduct the "drive." Refreshments will be served in the basement of the M. E. church, South, and a silver offering will be taken.

## MARYVILLE WINS

CROWD OF 500 SEES GAME WITH GRAHAM AT FAIR GROUNDS.

## FINAL SCORE WAS 8-7

Game Was Full of Errors of Omission and Commission — Many Graham Rooters.

In a game that was filled with errors of omission and commission, Maryville finally won from Graham yesterday at the fair grounds. The game was played before an enthusiastic crowd, estimated at 500. Many rooters accompanied the Graham team and were loud in their praise for their favorites.

There were a few bright spots in the game. The fielding of Painter, the Graham shortstop, and of Black, the Maryville second baseman, featured. Maryville made a fast double play that preceded a rally by Graham which netted them two runs.

The game was won in the ninth. Tilson walked and went to second on a bone-head by Zook. He should have thrown to second instead of first. Tilson scored the winning run on a wild pitch.

## MUST CHANGE DIPLOMACY

One Result of World War Will Be New Policy Toward Smaller Nations Says Mr. Miller.

That the powers of the world break from the diplomacy of the past after the war and adopt a new policy toward the smaller nations is one of the most necessary results of the war, according to the Rev. C. Emerson Miller, pastor of the First Christian church, who gave his second sermon on "The World War," last night.

"Germany and England have both been to blame for their methods of getting colonies," said Mr. Miller. England's methods were those of a confidence man and a foot-pat; Germany used a bludgeon to beat its enemies into submission. So far as the moral issues were concerned England was as deep in the ditch as Germany was in the mire.

"Germany now virtually holds 89 per cent of all of the territory that she set out to conquer in 1911 in accordance with her Pan-German plan," said Mr. Miller in discussing the Kaiser's plans for the expansion of territory.
